Course Title	**Official Course Title :** — Thesis research 2 **Course Title in Calendar :**
Rationale	We are introducing a series of new Thesis Research courses with smaller number of credits (691, 696, 697). These courses will afford our students additional flexibility in course selection while allowing them to maintain full time registration status. This is particularly important given that we are retiring COMP 601, which was fulfilling this role in the past.
